

# Global reach of citing research

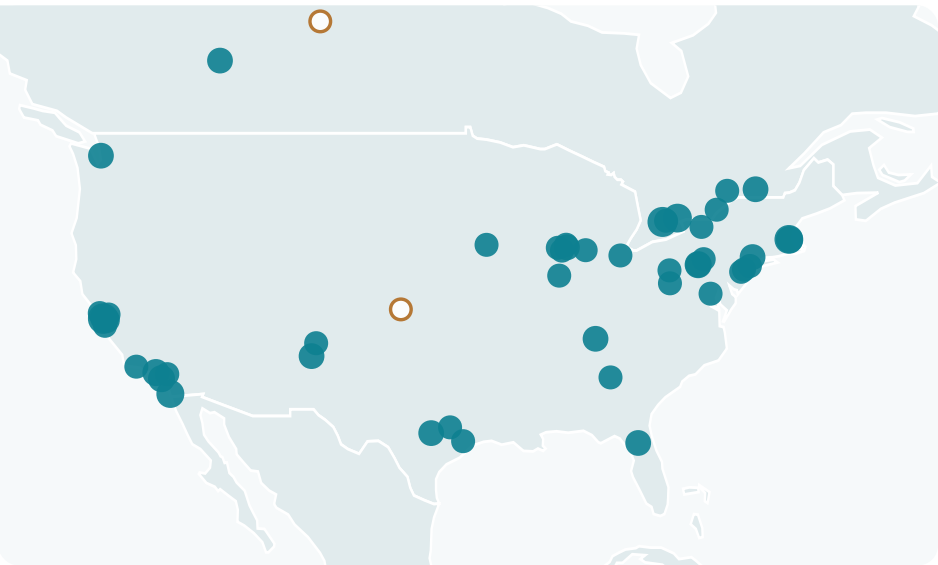

Sambhav R. Jain · Google Scholar snapshot · 7 Oct 2026

30 countries / territories

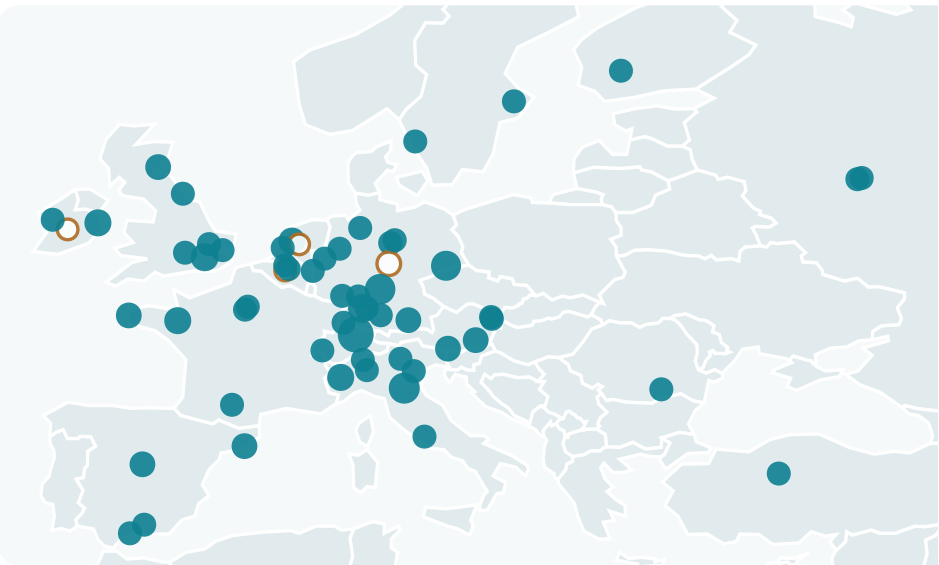

210 works with sourced affiliations

## North America

## Europe

## East Asia

228 institution/location entries · 169 display groups · 210 of 323 retained works mapped

Solid: publication or registry city. Hollow: country only. Affiliations do not imply independent adoption or endorsement.

Includes thesis previews and source-version discrepancies. Archived Scholar records: 337; profile citations: 354.

Source pages, ID corrections and coverage ledgers accompany the interactive map. Geometry: Natural Earth.

The substantive report includes articles relying on or extending TQT; marked articles document each selection.
