

Diss. ETH No. 30368

Hardware-Software Co-Design for Energy-Efficient Neural Network Inference at the Extreme Edge

A thesis submitted to attain the degree of

DOCTOR OF SCIENCES

(Dr. sc. ETH Zurich)

presented by

MORITZ LEO RUDOLF SCHERER

MSc ETH EEIT, ETH Zurich

born on 01.08.1996

accepted on the recommendation of

Prof. Dr. Luca Benini, examiner

Prof. Dr. Maurizio Martina, co-examiner

2024
